# **When Fantasy and Horror Collide**

***New fantasy set in 19th century England shakes up the genre; thrusts vampires, elves, and dwarves together in a fresh and fun way.***

It is the dawn of the Industrial Age and Thomas Aubergain, an American landowner, has sailed to England on a business matter but, on his first night in London, he is soon pulled into another, much darker matter indeed.

There, he fatefully meets the mysterious and beautiful Lilim. Thomas is quickly caught up in a web of intrigue, murder, and mystery...for the gorgeous Lilim is not what she seems.

In the first of a series by Cara J. Ebner, ***Blood Cult: Book 1 of the Elvestran Chronicles*** is a gripping tale centered on the hatred brewing between two ancient races, the Elvestra and the Daigu.

As a half-breed Elvestran, gorgeous Lilim is the only one immune to her full-blooded Elvestran sister Lamia's dark mind-control magic.

The evil Lamia is at the heart of a bloodthirsty coup whose aim is to gain power over the human race by bringing forth a nearly extinct subrace known as the Blood Cult, a fierce people known for slaughtering and drinking the blood of innocents.

By diving deep into the underworld of vampirism and exploring the ancient folklore that begat elves, dwarves, and humans, Ebner's tale is an innovative spin that will take you for a ride.

## **Praise for *Blood Cult*:**

***"A very imaginative and graphic  
narrative...hard to put down!"***

- Ben Adams, author of *Flight of the Treagle*

### **ABOUT THE AUTHOR:**

***Cara J. Ebner*** was born Cara Joy Adams in Denver, Colorado nearly 30 years ago. She has pursued many occupations including elementary school teacher and Air Force officer, but has followed her true calling as writer. She currently resides in North Dakota with her husband and two cats.
